NATIONAL PRIVACY WEEK 2024 - USEFUL TIPS FOR DATA SUBJECTS

In celebration of the National Privacy Week 2024, we are sharing some helpful privacy tips to note when using the Internet and sharing personal information online

1 Review the privacy policies and terms of use of websites and applications, and be certain that you have control over what you share and who can see it. Do not ignore the small print.

2 To protect your account, make sure you use strong passwords and avoid using passwords that can be easily guessed by hackers.

5 Be cautious about sharing your location, personal details, or travel plans publicly.

6 Regularly update your apps. Keep your social media apps up to date to benefit from the latest security features.

7 Beware of phishing attempts by online fraudsters. Be vigilant against suspicious messages or links from unknown persons trying to gain access to your personal information or login to your account.

8 Where you suspect that a Data Controller has breached your data privacy rights under the Nigeria Data Protection Act 2023, note that you have a right to report such Data Controller to the Nigeria Data Protection Commission.
